

## PLUGG TESTBALL SETT 16"

### Dimensions

Length(mm).....: 1168  
Equipment Weight - (kg).....: 12

Width(mm).....:

Height(mm).....:

### Type

Item type.....: Plug Test ball set - Multi-Flex  
Fabricator.....: Peterson  
Model.....: 115-016-X  
Serial no.....: A11897L1-1

### Flow / Pressure / Volume

Operating Pressure: 2.07  
Back Pressure (bar): 1.04  
Plug Outside Ø (mm): 140.0  
Range of use - Max recom.(Ø mm): 406.0  
Plug Length (mm).....: 1168

### Additional information

Equipment / Functions.....: - High expansion applications  
- Hydrocarbon Resistant  
- Small deflated diameter and flexibility navigates small openings  
- Connect in series for double block and bleed  
- Conforms to most pipe shapes  
- Very small storage area
