

Technical datasheet

OTS.DIBO Hot water high pressure washer 500 bar 30 ltr/min

OTS ID.: 9000-489

Introduction

The OTS. Hot water high pressure washer knows a varied applicability, certainly in places where there is no electricity, due to its on-board power source and self-contained operation.

This unit is equipped with the latest green technologies, like our very own `GreenBoiler`, which provides a considerable fuel saving.

Examples of applications:

- Less than 85db when the trailer is completely closed.
- The 12 V electronic control with indicator lamps serves to watch the level of oil, fuel and water, as well as for flame protection.
- The unit is available in various (i.e. power ratings), as well as in a built-in unit
- Single spray lance with high-pressure pistol.
- Water tank 450 l

Features

- Galvanized trailer fitted with support and swivel wheel.
- Max. water temp. 30-120 bar.
- Burner capacity 110 kw.
- Pressure reduction up to 10 bar.

Capacity & performance

Flow rate	1800 l/h
Working pressure	30-500 bar
Built-in hose	3/8" x 40m
Total heating capacity	130 kw

Safety features

- Run dry protection.
- Water filter.
- Pressure gauge.
- Hour counter.

Weight & dimensions

Length	3500 mm
Width	1750 mm
Height	1600 mm
Gross Weight	1100 kg
