

Technical datasheet

Flowmeter "OTS.Integral.Flowmeter.RXF050G"

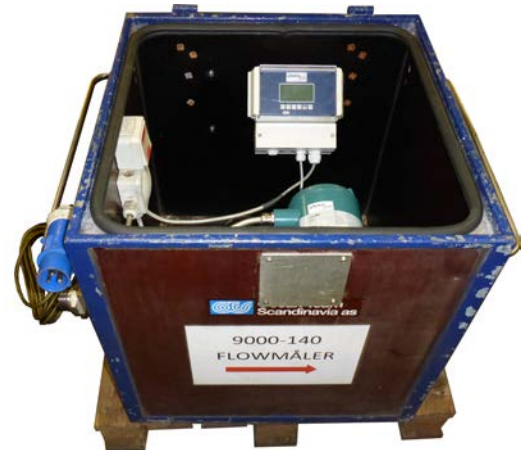

OTS ID.: 9000-140

Introduction

The RXF050G flow meter for liquids (not oil) is an all-metal flow meter, which operates via magnetic principles.

It is designed for installation in a vertical pipe. The rugged construction of the RXF050G variable-area flow meter makes it particularly suitable for difficult application and environmental conditions.

The RXF050G flowmeter is mounted with a Data Recorder for reading and recording of flow data

Features

- USB memory connection
- 230V power supply

Safety features

- SS316 stainless steel

Capacity & performance

Measuring range	
Water 20°C	0 to 70 m ³ /h
Amb. Temp	-29 to 60°C
Max temperature	-29 to 130°C
Max pressure	10 bar

Weight & dimensions

Length	850 mm
Width	620 mm
Height	630 mm
Gross weight	70 kg
