## Technical datasheet

## Introduction

Mobile flushing unit, suitable for flushing of hydraulic tubes with various dimensions from $1 / 4^{\prime \prime}$ to $3 / 4$ ", with pulsed flow conditions which makes it possible to achieve a turbulent flow above RE>3000 and a level of cleanliness better than ISO 4407 Class 14/ 11 or AS4059 Class 5 (NAS 1638 Class 5).

Furthermore, the unit can carry out hydrostatic pressure test up to 1100 bar with flushing oil as test fluid.
All construction and framework is made in stainless SS316 steel The unit is driven by a $5.6 \mathrm{~kW}, 32 \mathrm{~A}, 400 \mathrm{~V}, 50 \mathrm{~Hz}, ~ E X D$ electrical motor.

Rig operates with hydraulic mineral oil, min 15 cSt, type Rando HDZ, which can be heated to $45^{\circ} \mathrm{C}$. Rig is provided with 10 m $1 / 22^{\prime \prime}$ hoses for connection to piping, and a take out for oil analyze samples.
For pressure testing, a $1 / 4^{\prime \prime}$ MP C\&T as well as recorder take out provide. The unit is suitable for operation in Zone 1 areas.
Moving around flush rig in ATEX environment must be done carefully and slowly ( $<1 \mathrm{~m} / \mathrm{s}$ ) to avoid impact and spark generation!

ATEX marking: $\left\langle\varepsilon_{x} \| 2 G\right.$
Features

- Articulated wheels and lifting pads mounted for site mobility.
- Variable pressure and temperature options.
- Visual differential dirt indicator.
- All components are protected by insulated stainless SS316 steel plates.

## Capacity \& performance

| Flushing flow | $45 \mathrm{I} / \mathrm{min}$ |
| :--- | ---: |
| Pulsed flow | $80 \mathrm{I} / \mathrm{min}$ |
| Test Pressure | 1100 bar |
| Tank capacity | 100 I |
| Flushing Pressure, up to | 100 bar |
| Filter capacity | $3 \mu \mathrm{~B} 200$ |

## Safety features

- Strong protective stainless SS316 steel framework.
- Drip trays fitted as standard.
- Pressure safety- \& relief valves set pressure $100 \& 150$ bar.
- Thermostat is fitted to oil heater.

Weight \& dimensions

| Length | 1125 mm |
| :--- | ---: |
| Width | 650 mm |
| Height | 1350 mm |
| Gross Weight | 575 kg |
