

A service monitoring system for customers and their ships

# A collaborating partner

IKM Instrutek is a collaborating partner that focuses on quality, product range and expertise. IKM Instrutek supplies products and services to the shipping, offshore, industry and the public sector.

Our expertise ranges from process, test- and measuring instruments, maritime navigation, communication and condition monitoring.

The company was established in 1985. Its head office is in Larvik, with branch offices in Stavanger, Bergen and Ålesund.

The company has around 46 employees and a budgeted turnover of NOK 190 million. The company is part of the IKM group with around 2,450 employees and an budgeted turnover of approx. NOK 4,3 billion

---

## A part of the IKM Group

IKM Instrutek is part of the IKM Group - a multidicipline sub supplier focusing primarily on the oil and gas industry. The IKM Group conducts business within the following five areas: Electrical/Instrument/ Process, Subsea/Completion/Commissioning, Engineering/Operations, Fabrication/Inspection and Rig/Downhole Services.

Focus on Growth is always the goal, and IKM's ambition is that even the most demanding customer shall choose IKM as their preferred business partner. All IKM companies are ISO-certified, and through internal revisions, audits, and continuous monitoring. IKM Corporate Group ensures that it meets and exceeds the needs of its customers and employees with respect to quality, health, safety and the enviroment.

# Worldwide sales and service network

IKM serviceweb is a service monitoring system that ensures extremely good monitoring of customers and their ships. Our goal is to be the expert and the "single point of contact" partner that can perform most services in our field and ensure that companies save huge costs to deal with one partner.

IKM Instrutek provide repair & retrofit to deep sea vessels worldwide. We seek a strong partnership with our customers and are committed to provide the best service round' the clock.

Our service engineers are highly qualified and are kept updated through continues training and on-the-job practice. In addition to installation and ad-hoc service, they will provide you with support when you need it.

Should it be more convenient to utilize a service provider closer to the vessel, our worldwide network will be at your hands.

## Why service web?

- Full overview over equipment
- Service history
- Service reports
- Certificates
- Recommendations
- Overview over ongoing services
- Automatic summoning of GMDSS survey
- Automatic summoning of several services

Let us coordinate your service needs 24/7/365.

Our unique web service offer an easy, assessable and transparent solution to our clients. Here you will be able to monitor the status of ongoing services and plan surveys and maintenance at a single point-of-contact.

This will save you the time and the cost you normally spend while dealing with several companied instead of leaving the job to us.
