

AIR MOTOR I

Dimensions

Length(mm).....: 197 Width(mm).....: 38 Height(mm).....: 38
Equipment Weight - (kg).....: 2

Area of use / certification

Onshore/offshore.....: Offshore
Standard.....: Atex

Type

Description.....: Air motor for cutting and machining tools
Fabricator.....: Ingersoll Rand
Model.....: M004RVR 167AR3
Serial no.....: 13349
Straight / Angle.....: Straight
Hydraulic / Air.....: Air
Power (hp).....: 0.3
Reversible.....: Yes
Speed (rpm).....: 42
Max. Torque (Nm).....: 37.2

Connections

Air supply (P@Q).....: 6.2 bar @ 9 ltr/sec

Additional information

Equipment / Functions.....: The M004 Series comes with both face and flange mounting options for a variety of applications. This series can also support variable speeds and torques, as well as instant starting and reversing without overheating.

Durable. Able to withstand harsh environments for a multitude of applications.

Productive. Thanks to easy servicing, you never have to break for long to fix your equipment.
