Unit no. HTH-1-10

IKM Testing AS

BOLT TENSIONING TOOL - HYDRATIGHT

Dimensions

Length(mm).....: 107 Width(mm).....: 107 Height(mm).....: 176
Equipment Weight - (kg).....: 5

Type

Description.....: Bolt tensioning tool
Fabricator.....: Hydratight
Model.....: Tool HL01 (Dk. Blue). To be connected with HL01 adaptor set (head, bridge, socket & puller)
Qty. available in stock.....: 188
Type.....: Tensioning Tool
Thread type.....: Metric (mm),Std (inch)

Flow / Pressure / Volume

P-max (bar).....: 1034 P-max (PSI).....: 15000
Max load (kN).....: 360.3

Connections

Inlet connection.....: Hydraulic Hose

Additional information

Equipment / Functions.....: Dimensions (LxWxH) is for complete tool incl. adaptor set
Height inlcude clearance to nearest obstruction

• All tools have 15mm stroke except HT02 stoke = 6mm and HT01 stroke = 8mm
